Mrs Bo Jangles

Bo Jangles comes from a farm in the nearby mountains where she had bonded with a flock of sheep & looked after them by chasing away predators, such as Jackals, by kicking or biting them!

When Bo Jangles arrived at the hotel she was wild & wary of people but after 2 weeks would

eat from Gail's hand & soon started following Gail around. One evening Bo Jangles walked into the hotel & went behind the bar counter where Gail was helping, she had some nikkaks for a treat, & so started the famous bar visits by Bo Jangles! Bo loves being around people, standing in the bar & even resting her head on the bar counter to have a nap!

Bo Jangles needed a friend & one of the farmers in the area had a retired horse which needed a home. He sent him to the hotel & Papa Joe & Bo Jangles immediately bonded.

Every day they go into a paddock behind the hotel to graze, & sometimes take a walk around the village, coming home at around 16:00 for their dinner. Bo Jangles gets brushed & let out again at around 18:00, when she visits the bar & meets everyone! Bo Jangles will be happy to accept a snack of apple, pear or pumpkin peel, (but please don't feed her a lot!)
